

## **The COOTHARABA COMMUNITY ASSOCIATION (CCA)**

Report from the CCA's Foreshore Working Group at 25/10/25

1. Sand replenishment required ASAP, Sailing Club events commencing 2 November 2025.
  2. Is it possible to provide a bunding of some type around the exposed tree roots and backfill with soil to protect the trees?
  3. That Council to allocate funding for Foreshore Planning works, to include foreshore from southern end of campground to Ron's Jetty
  4. Is Council planning to address long term issue of water supply to existing 3 x toilet blocks, wash down riser opposite sailing club and taps at parks on the foreshore?
  5. Is Council reinstating the bore pump at campground to provide water.
  6. For Council to consult with local community regarding proposed changes to the Boreen Point Campground. The CCA requests that the community consultation takes place BEFORE Council progresses to even basic planning of changes to the Campground.
- \*The CCA has received community feedback that may have a major impact on any planned changes at the campground.
