

# Cootharaba Community Association

## Telecommunications Blackspot Survey February 2026

Our members have brought up the issue of poor telecommunications/ mobile service to our community area. We ask for your input and seek a response through a brief survey.

Based on the feedback we can utilize the outcome of our members to inform the various telecommunication providers about the level of coverage. We are not identifying individuals, more about the area within Boreen Point and surrounds.

My telecommunications/mobile phone provider is

.....

My street/road name is .....

Do you have a business that relies on mobile phone for communicating?      Yes      No

Do you have medical equipment that relies on mobile phone signal?      Yes      No

### **SURVEY - Rate the response for your telecommunications reception**

**(On a scale that Poor is 1-3, Average is 4-6 Good is 7-10)**      **Poor      Average      Good**

What is the level of mobile coverage at your home? (Rate scale 1-10)

Do you get a satisfactory internet WiFi signal? ( Rate scale 1-10)

Are there other areas in our community that you believe have insufficient wifi coverage? Please note down areas giving general description and if certain times of the day or night.
